We would like to inform you that we have total amount of Rs.73 crore in Insurance Fund, Catastrophic Reserve Fund and Other Reserves.

#### Impacts of national and international events in Company's business:

The economic growth in the economic sector would be accelerated in the coming period along with the political establishment of the country. Along with the development of the economic sector in the country, it has a positive impact on the overall insurance market.

With the expectation of encouraging progress in the economic sector, the impact of Covid-19, which emerged from Mangsir / Poush as a global pandemic, has spread to Nepal as well. As the sector continues to move and gain momentum, we believe that with the development of the economic sector, there will be an expected growth in the insurance business.

#### 3. Opinion of Board of Directors on achievement of current fiscal year and future:

Along with the improving economic condition of the country, the market for Insurance sector was also strengthening day by day until the whole nation was forced to lock down from Chaitra 11, 2076 due to the global pandemic of COVID-19 . All the financial activities was almost halt for the period which affected the collection of premium as targeted by the company but still with the use of digital channel, provision of working from home for staff and the presence of limited staff at the office for operation of necessary work the company has managed to collect Rs. 2.19 Billion premium for FY 2076-77 which is 0.83% higher than that of previous year.

Kindly refer to the below table for categorical premium collection details;

# **Message from Chairman**

Our Company which started its operation from July 1996 has completed its glorious 24 years of service and has entered in its 25th year of service from July 17, 2020. I would like to express my sincere gratitude to the Board of Directors, the Company Management, Shareholders, Promoters, Regulatory bodies and all concerned for their continuous efforts, suggestions, guidelines for the upliftment and progress of the company. Although the company was planning to organize a special program on the occasion of entering the silver year, due to the fact of Covid-19 there is no special program despite we are planning to organize various programs throughout our silver year following the guidelines of the government.

We are proud to state that the company which started its service with initial paid up capital of Rs 36 Million and 10 employees from office at Thapathali, Kathmandu had managed to collect Rs 5.91 Million in its first year and now with a paid up Capital of more than 1 Billion is providing insurance services through 361 employees at 76 offices in all seven provinces of the country collecting 2.19 Billion in its 24<sup>th</sup> Year.

During the 24 years of service the Company has faced two devastating incidents like earthquake in 2015 where the company had to face financial risk of around NPR 2 Billion and the second is the worldwide spread of COVID-19 which resulted in overall financial downturn in the world. Major challenge of the company now is to manage the impact of COVID-19 and focus on the continuous growth of the company as targeted.

In today's context where insurance has become an integral part of people and business, the company has been providing insurance services covering risk in all areas. All the communities have now felt that the Insurance Company is an important friend in a disastrous time hence it is time to draw the attention of the government as it is necessary to make insurance mandatory to cover the risks as insurance is the only means to compensate the insured for the financial loss due to loss of property, due to natural calamities and other accidents.

The main responsibility of the insurance company is to provide relief to the insured by paying the claim as per the actual loss as soon as possible. The company has taken the same priority and has taken the strategy of moving forward by making its customers fully satisfied with the payment of the claim in a proper manner and making the customers as the promoters of the company.

Strong and capable insurance company is today's need. In recent days, there has been an increase in the number of banks and financial institutions merging or acquiring each other. Empowering the Board of Directors to merge or acquire with other suitable companies with the intention of merging or acquiring each other to create a new kind of positive energy in the organization, in view of strengthening the presence in the insurance market, could be helpful to provide reasonable returns to the shareholders and provide

sufficient services to the insured, we have submitted the proposal regarding same in this general meeting. We are confident that you will give appropriate and constructive suggestions in this regard as well.

As per the directive of the regulatory body "Beema Samiti" to regarding the paid up capital of non-life insurance companies to be NPR 1 billion, I would like to notify that the paid up capital of the company has reached NPR 1,001,222,934/- . in a prescribed time period. In the process of raising the said paid-up capital, in previous Fiscal Year 2018/2019 , the company used the short amount from the Catastrophic Reserves Fund for the purpose of distributing 86 percent bonus shares with the approval of the regulatory body "Beema Samiti" on the condition to reimburse the used amount from Catastrophic reserves fund. We would like to inform you that the company has been unable to distribute any kind of dividend to the shareholders this year due to the need to reimburse NPR 7,37,94,643/- to the Catastrophic Reserves Fund .

Along with the improving economic condition of the country, the market for Insurance sector was also strengthening day by day until the whole nation was forced to lock down from March 24, 2020 due to the global pandemic of COVID-19. The impact of COVID-19 will be seen in FY 2020/2021 as well therefore we are committed to run the company by formulating necessary strategies for its smooth operation and continue to provide services to our valuable clients.

Even during the country was in lock down state, the company had provided insurance services to its customers by issuing insurance policies using digital channel and has decided to continue the system of issuing insurance policies in the coming days.

The regulatory body "Beema Samiti", has directed to hold the general meeting within 60 days from the approval of the financial statements likewise the meeting has to be organized by maintaining social distance as per the rules announced by the government. Hence the company has arranged to make participation in the meeting through digital channel "Zoom App" for the shareholders who could not physically attend the meeting. The company apologizes for the inconvenience caused.

Finally, I would like to express my sincere gratitude for the assistance and suggestions received from the regulatory body the Beema Samiti, Ministry of Finance, Nepal Rastra Bank, Banks and Financial Institutions, Office of the Company Registrar, Nepal Securities Board, Nepal Securities Exchange Market Ltd., CDS & Clearing Ltd; National and foreign insurance and re-insurance companies and other concerned agencies. Also, I would like to express my gratitude and hope to get more support from all the esteemed customers who are taking insurance services from this company in the coming days.

# Commitment from Chief Executive Officer

Sagarmatha Inssurance, a joint venture with Ceylinco Insurance PLC of Sri Lanka, is now entering its glorious 25th year of providing insurance services in Nepal. We have been providing insurance services from 76 branches / sub-branches and extension offices in various places in accessible and remote areas of the country. The company, which was set up with the motto of "Big or Small - Security for All" has been expanding its branches in accessible and remote areas of all seven Provinces of the country to make insurance services accessible to more and more people. We would like to inform you that from now on the work on branch expansion has been put on hold instead strengthening of the branch is given priority.

We would like to inform that the main strategy of the Company is to give complete satisfaction to the customers through the claim settlement and to spread the services provided by the company through various means to make the identity of Sagarmatha known to the general public. From its inception to date, the company has able to make its special mark in the Nepalese insurance market, never looking back in the progress of the insurance business and has succeeded in presenting itself as a strong company in the field of insurance market and moving forward with the goal of increasing the company's business in the coming days. At the beginning of year 2020, the outbreak of Covid-19 has affected the entire world, including Nepal, and the Government of Nepal decided to go a nationwide Lock Down from March 24, 2020 to prevent and control it. Due to the cause, the company was not able to meet the target of collecting insurance premiums in the Fiscal Year 2019/20 as it was able to renew only about 50 percent of the insurance policies which needed to be renewed and sale of new policies was almost infeasible. By mid-July of the Fiscal Year 2019/2020, the company was able to increase its business by collecting NPR 1.80 million more than last year's premium. I would like to inform that we have succeeded in collecting NPR 2.19 Billion insurance premiums. Similarly it is observed that in the Fiscal Year 2020/2021 the effect of the covid-19 will be felt all over the world, there will be a slowdown in the economic activities of the entire region and its direct impact will be felt in the Nepal Insurance market as well.

In the process of making the company technology friendly, the company has launched Insurance Digitally for the service of insurance since previous fiscal year. With use of these means such as "Sagarmatha Insurance Mobile Apps" and Web portal, "sagarmathainsurance.com.np" the employee of the Company were able to perform daily task of the office and sell the insurance policy from home during Lock down. "Insurance Digitally" service shall further be enhanced in days to come. As a result, Customers, through the means of our app or Web portal, may get our service easily at home.

In today's world where insurance services are a basic necessity, it is time to make insurance mandatory for the protection of government property and people's wealth in a developing country like ours. We would like to draw the attention of the government to the fact that insurance has an important role to play for social security as well and it is time to promote Insurance by making it mandatory with special concessions.

In order to be united with the people in this difficult situation and to establish the importance of Insurance in the Nepali Insurance market, through Micro Insurance Pool managed by Nepal Insurers Association, Covid-19 insurance policy has been issued with the participation of 20 non-life insurance companies of Nepal, including Nepal Re-insurance Company, keeping in mind the advice and suggestions of the regulatory body the BEEMA SAMITI. From the policy, all the insurance companies collectively managed to collect NPR 319.88 Million premiums from mid April 2020 to mid-July 2020 where our contribution is NPR 24.18 Million. Due to the of Covid-19 pandemic, even though the country went into lock-down, the insurance service is taken as most essential service, the daily office work of the company has been conducted with the one third number of the employees as per the directives of the government of Nepal. I would like to thank all the employees who were presented as per need and doing daily work of the company without caring about their own life in such difficult situation and providing insurance service to our esteemed costumers.

An initiative from us in Motor insurance to settle claim at the accidental spot "SAGARMATHA VIP ON THE SPOT" program has been presently extended to the major Cities of the country like, Pokhara, Narayanghadh, Biratnagar, Butwal, Nepalgunj, Bhairahawa. It gives me immense pleasure to inform you that we are extending and commencing this program in all the City areas gradually. Altogether NPR 950 Million for 6045 claim including 1117 cases in FY 2019/20 has been settled under the "SAGARMATH VIP ON THE SPOT" program so far after its launch in Nepal . Along with this, considering the necessity of the society we further plan to introduce new policies in insurance market.

By satisfying the customers in the claims, the company has taken the strategy of making the customers as the endorser of the company. The company has been settling the claims in a prompt manner on basis of actual loss and has settled 5846 no. of the cases amounting NPR 1.02 Billion in FY 2019/20.

Finally, I would like to express my sincere gratitude for the assistance and suggestions received from the regulatory body the BEEMA SAMITI, Ministry of Finance, Nepal Rastra Bank, Banks and Financial Institutions, Office of the Company Registrar, Nepal Securities Board, Nepal Securities Exchange Market Ltd., CDS & Clearing Ltd; National and foreign insurance and re-insurance companies and other concerned agencies.

#### Independent Auditors' Report to the Shareholders' of Sagarmatha Insurance Company Limited

#### Opinion

We have audited the accompanying financial statements of M/s Sagarmatha Insurance Company Limited, which comprise Statement of Financial Position as at Ashad 31, 2076 (16th July 2019), Statement of Profit or Loss, Statement of Other Comprehensive Income, Statement of Cash Flows and Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and explanatory information, together with schedules to financial statements.

In our opinion, the accompanying financial statements read together with significant accounting policies and notes to the accounts forming part of the accounts present fairly, in all material respects, the financial position of the Company as on Ashad 31, 2076 (16th July 2019), its financial performance, changes in equity and cash flows for the year then ended in accordance with Nepal Financial Reporting Standards (NFRSs).

#### **Basis for Opinion**

We conducted our audit in accordance with Nepal Standards on Auditing (NSAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the ICAN's Handbook of Code of Ethics for Professional Accountants together with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAN's Handbook of Code of Ethics for Professional Accountants. We believe that the audit evidences we have obtained are sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that in our professional judgment were of most significance in our audit of the financial statement of the current period. Based on the circumstances and facts of the audit and the Company, we report that there are no key audit matters to be communicated.

#### Other Information

The directors are responsible for the other information such as "Report of Board of Director's/Chairman's Statement" to be presented in the Annual Report and Accounts for FY 2075/76 (2018-19) of the Sagarmatha Insurance Company Limited, Our opinion on the Financial Statements does not cover the other information and, accordingly, we do not express an audit opinion or, except as explicitly stated above, any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether, based on audit work done by us on financial statement, the information therein is materially misstated or inconsistent with the Financial Statements or our audit knowledge.

However, we have not obtained other information to be part of Annual Report, hence we are unable to report on other information.

#### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Nepal Financial Reporting Standards (NFRS), and for such internal control as management determines necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

#### Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with NSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decision of users taken on the basis of these financial statements.

As part of an audit in accordance with NSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatements of the financial statements, whether due
  to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
  evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not
  detecting a material misstatement resulting from fraud is higher than for one resulting from error,
  as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override
  of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the company to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The principal activities of the Insurance is to issue Non - Life Insurance contract to the general public.

Ownership of Subsidiary and Associates as at 31 Ashad 2074, 32 Ashad 2075 and 31 Ashad 2076 is given below:

There are no holding in subsidiary and associates.

#### 2. Basis of Preparation of Financial Statement and other Significant Accounting Policies

#### 2.1. Basis of Preparation

#### 2.1.1. Statement of Compliance

The Financial Statement of SIC which comprises components mentioned above have been prepared in accordance with Nepal Financial Reporting Standards comprising of Nepal Financial Reporting Standards and Nepal Accounting Standards (hereafter referred as NFRS), laid down by the Institute of Chartered Accountants of Nepal and in compliance with the requirements of the Companies Act ,2006.

#### 2.1.2. Responsibility for Financial Statements

The Board of Directors is responsible for the preparation and presentation of Financial Statements of SIC as per the provisions of the Companies Act, 2006.

#### 2.1.3. Approval of Financial Statements by Directors

The accompanied Financial Statements have been authorized by the Board of Directors vide its resolution and recommended for its approval by the Annual General Meeting of the shareholders.

#### 2.1.4. Basis of Measurement

The Financial Statements of Insurance have been prepared on the historical cost basis, except for the following material items in the Statement of Financial Position:

- Financial assets at fair value through other comprehensive income (quoted) are measured at fair value.
- Employee defined benefit obligations are measured in accordance with provision contained in NAS 19 based on report of the Actuary.
- Insurance contract liabilities are determined in accordance with provision contained in NFRS 4 & actuarial report for Liability Adequacy Test (LAT), however, insurance contract liabilities are also determined in accordance contained in Insurance Act 1992 and Final Liability is taken as higher of two in compliance with Insurance Board Circular dated 28<sup>th</sup> September 2018.

#### 2.1.5. Functional and Presentation Currency

The Financial Statements of SIL are presented in Nepalese Rupees (Rs), which is the currency of the primary economic environment in which the Insurance operates. There was no change in SIC's presentation and functional currency during the year under review.

#### 2.1.6. Presentation of Financial Statements

The assets and liabilities of SIC presented in the Statement of Financial Position are grouped in an order of lesser to higher liquidity.

#### 2.1.7. Materiality and Aggregation

In compliance with Nepal Accounting Standard - NAS 01 (Presentation of Financial Statements), each material class of similar items is presented separately in the Financial Statements. Items of dissimilar nature or functions too are presented separately unless they are immaterial. Financial Assets and Financial Liabilities are offset and the net amount reported in the Statement of Financial Position only when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liability simultaneously. Income and expenses are not offset in the Statement of Profit or Loss unless required or permitted by an Accounting Standard.

#### 2.1.8. Comparative Information

The accounting policies have been consistently applied by Insurance Company with those of the previous financial year in accordance with NAS 01 Presentation of Financial Statements, except those which had to be changed as a result of application of the new NFRS. Further, comparative information is reclassified wherever necessary to comply with the current NFRS presentation.

#### 2.1.9. Going Concern

The Directors have made an assessment of Insurance's ability to continue as a going concern and satisfied that it has the resources to continue in business for the foreseeable future. Furthermore, Board is not aware of any material uncertainties that may cast significant doubt upon Insurance's ability to continue as a going concern and they do not intend either to liquidate or to cease operations of it. Therefore, the Financial Statements continue to be prepared on the going concern basis.

#### 2.1.10. Standards issued but not yet effective

Standards issued but not yet effective up to the date of issuance of the financial statements are set out below. The Insurance and will adopt these standards when they become effective. Pending a detailed review, the financial impact is not reasonably estimable as at the date of publication of these financial statements.

#### (i) NFRS 9- Financial Instruments: Classification and Measurement

NFRS 9, as issued reflects the first phase of work on replacement of NAS 39 and applies to classification and measurement of financial assets and liabilities.

Since NFRS 9 consists of mixed sets of standards from IAS 39 and IFRS 9, this standard has been brought to the attention on issuing body and Institute of Chartered Accountants of Nepal. This is under review and will be effective after this has been resolved.

#### (ii) NAS 40- Investment Properties

NAS 40 has been issued and made effective. However the company has not applied the standard.

Investment property is property (land or a building-or part of a building-or both) held (by the owner or by the lessee under a finance lease) to earn rentals or for capital appreciation or both, rather than for:

- a. Use in the production or supply of goods or services or for administrative purposes; or
- b. Sale in the ordinary course of business

#### 2.2. Property, Plant and Equipment

#### A. Recognition of Property, Plant and Equipment

The cost of an item of property, plant and equipment shall be recognized as an asset if, and only if:

- (a) It is probable that future economic benefits associated with the item will flow to the entity; and
- (b) The cost of the item can be measured reliably.

#### a) Initial Cost

The initial Cost of PPE includes cost of purchases, other directly attributable overheads like duties, installation overheads excluding recoverable taxes and appropriate apportionment of finance cost.

Items of property, plant and equipment may be acquired for safety or environmental reasons. The acquisition of such property, plant and equipment, although not directly increasing the future economic benefits of any particular existing item of property, plant and equipment, may be necessary for an entity to obtain the future economic benefits from its other assets. Such items of property, plant and equipment qualify for recognition as assets because they enable an entity to derive future economic benefits from related assets in excess of what could be derived had those items not been acquired.

#### b) Subsequent Cost

An entity does not recognize in the carrying amount of an item of property, plant and equipment the costs of the day-today servicing of the item. Rather, these costs are recognized in profit or loss as incurred. Costs of day-to-day servicing are primarily the costs of labor and consumables, and may include the cost of small parts. The purpose of these expenditures is often described as for the 'repairs and maintenance' of the item of property, plant and equipment.

Parts of some items of property, plant and equipment may require replacement at regular intervals. An entity recognizes in the carrying amount of an item of property, plant and equipment the cost of replacing part of such an item when that cost is incurred if the recognition criteria are met. The carrying amount of those parts that are replaced is derecognized in accordance with the derecognition provisions of this Standard.

#### Measurement of property, plant and equipment

An item of property, plant and equipment that qualifies for recognition as an asset shall be measured at its cost.

The cost of an item of property, plant and equipment comprises:

- (a) Its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- (b) Any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
- (c) The initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.

#### B. Measurement after recognition

An entity shall choose either the cost model or the revaluation model as its accounting policy and shall apply that policy to an entire class of property, plant and equipment.

#### **Cost model**

Property and equipment is stated at cost less accumulated depreciation less accumulated impairment losses.

#### **Revaluation model**

The Insurance Company has not applied the revaluation model to the any class of freehold land and buildings or other assets. Such properties are carried at a previously recognized GAAP Amount.

#### **Depreciation**

The company applies written down value methods of depreciation calculation as per rates and methods prescribed in Income Tax Act, which is not in accordance with NAS 16.Impact of such misstatement is not calculable.

Depreciation of these assets commences when the assets are ready for their intended use which is generally on commissioning and not when it starts to be used. Items of Property, Plant and Equipment are depreciated in a manner that amortizes the cost (or other amount substituted for cost) of the assets after commissioning, less its residual value, over their useful lives on a Written down value basis. Land is not depreciated.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item shall be depreciated separately.

A significant part of an item of property, plant and equipment may have a useful life and a depreciation method that are the same as the useful life and the depreciation method of another significant part of that same item. Such parts may be grouped in determining the depreciation charge.

The depreciation charge for each period shall be recognized in profit or loss unless it is included in the carrying amount of another asset.

#### **Estimated rate of Depreciation**

The estimated rate of Depreciation of property, plant and equipment of the Company are as follows:

Asset Class	Rate of Depreciation
A- Building	5%
B- Furniture & Fixture	25%
B- Computer & Accessories	25%
B- Office equipment	25%
C- Motor Vehicle	20%
D- Miscellaneous Assets (Plant and Machinery)	15%

Property, plant and equipment's residual values and useful lives are reviewed at each Statement of Financial Position date and changes, if any, are treated as changes in accounting estimate.

#### C. Impairment of property, plant and equipment

To determine whether an item of property, plant and equipment is impaired, an entity applies NAS 36 Impairment of Assets. That Standard explains how an entity reviews the carrying amount of its assets, how it determines the recoverable amount of an asset, and when it recognizes, or reverses the recognition of, an impairment loss.

Compensation from third parties for items of property, plant and equipment that were impaired, lost or given up shall be included in profit or loss when the compensation becomes receivable.

There is no any condition to the company to impair its property plant and equipment as on 31st Ashad 2076.

#### Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units (CGU) fair value less costs to sell and its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, an appropriate valuation model is used.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased.

If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed, only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceeds the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the statement of income.

#### D. Derecognition of property, plant and equipment

The carrying amount of an item of property, plant and equipment shall be derecognized:

- (a) On disposal; or
- (b) When no future economic benefits are expected from its use or disposal.

The gain or loss arising from derecognition of an item of property, plant and equipment shall be included in profit or loss when the item is derecognized (unless NAS 17 requires otherwise on a sale and leaseback). Gains shall not be classified as revenue.

#### 2.3. Intangible assets

#### **Basis of recognition**

An intangible asset is recognized if it is probable that future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably.

The company does not have any intangible assets as on 31st Ashad 2076.

In case any software if purchased by company than it will be classified as intangible assets and its useful life will be estimate by the management.

#### Subsequent expenditure

Subsequent to initial recognition, the intangible asset is carried at cost less accumulated amortization and accumulated impairment losses.

Subsequent expenditure on software assets is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is expensed as incurred.

#### Amortization of Intangible assets

Intangible assets are amortized on a straight line basis over the period of services to be rendered. Amortization is recorded in the statement of profit or loss.

Intangible assets with finite lives are amortized over the useful economic life. Amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at each financial year end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the amortization period or method, as appropriate, and they are treated as changes in accounting estimates.

Amortization expense on intangible assets with finite lives is recognized in the statement of profit or loss in the expense category consistent with the function of the intangible asset.

Amortization is calculated using the straight-line method to write down the cost of intangible assets to their residual values over their estimated useful lives as follows;

#### De-recognition of Intangible assets

An intangible asset is de-recognized on disposal or when no future economic benefits are expected from it. The gain or loss arising from de-recognition of such intangible assets is included in the statement of profit or loss when the item is de-recognized.

#### Impairment of Intangible assets

An impairment review is performed whenever there is an indication of impairment. When the recoverable amount is less than the carrying value, an impairment loss is recognized in the statement of profit or loss.

#### Assessment of impairment of intangible assets

Since Company doesn't have any intangible assets in books, no impairment test has been conducted for that.

#### **Capital Work in Progress**

These are expenses of capital nature directly incurred in the construction of buildings, major plant and machinery and system development, awaiting capitalization. Capital work-in-progress would be transferred to the relevant asset when it is available for use, i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by management. Capital work-in-progress is stated at cost less any accumulated impairment losses.

#### 2.4. Deferred Tax

Deferred tax is provided using the liability method on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax liabilities are recognized for all taxable temporary differences, except;

a) When the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

b) In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

#### **Deferred Tax Assets and Deferred Tax liabilities**

Deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized except where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

Carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside the statement of profit or loss is recognized outside statement of profit or loss. Deferred tax items are recognized in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

#### 2.5. Financial Assets

As per NFRS 9 Financial instrument are classified into following types;

- a) Financial instrument measured at amortized cost
- b) Financial instrument at fair value through profit and loss
- c) Financial instrument at fair value through other comprehensive income

#### A. Financial instrument measured at amortized cost

Financial assets at amortized cost includes those financial assets that are held by the entity for long term purpose and intend to hold till maturity.

The asset is measured at the amount recognized at initial recognition minus principal repayments, plus or minus the cumulative amortization of any difference between that initial amount and the maturity amount, and any loss allowance. Interest income is calculated using the effective interest method and is recognized in "Investment income" in statement of profit or loss.

#### Impairment of financial assets carried at amortized cost

If there is objective evidence that an impairment loss on assets carried at amortized cost has been incurred, the amount of the impairment loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future expected credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced and the loss is recorded in the statement of income.

The Company first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, and individually or collectively for financial assets that are not individually significant. If it is determined that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, the asset is included in a group of financial assets with similar credit risk characteristics and that group of financial assets is collectively assessed for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be, recognized are not included in a collective assessment of impairment. The impairment assessment is performed at each reporting date.

If, in a subsequent period, the amount of the impairment loss decreases and that decrease can be related objectively to an event occurring after the impairment was recognized, the previously recognized impairment loss is reversed. Any subsequent reversal of an impairment loss is recognized in the statement of income, to the extent that the carrying value of the asset does not exceed its amortized cost at the reversal date.

#### B. Financial instrument at fair value through profit and loss

#### Recognition of financial instrument at fair value through profit and loss

Financial assets at fair value through profit or loss include financial assets held for trading and those designated upon initial recognition at fair value through profit or loss. Investments typically bought with the intention to sell in the near future are classified as held for trading. Attributable transaction costs are recognized in the statement of profit or loss as incurred. These investments are initially recorded at fair value. Subsequent to initial recognition, they are remeasured at fair value.

Changes in fair value are recorded in 'fair value gains and losses' in the statement of profit or loss. Interest is accrued and presented in 'investment income' using the Effective Interest rate (EIR). Dividend income is recorded in the 'investment income' when the right to the payment has been established. The Company will evaluate its financial assets at fair value through profit or loss (held for trading) by considering whether the intent to sell them in the near term is still appropriate.

For investments to be designated as at Fair Value through Profit or Loss, the following criteria must be met;

The designation eliminates or significantly reduces the inconsistent treatment that would otherwise arise from measuring the assets or liabilities or recognizing gains or losses on a different basis.

#### C. Financial instrument at fair value through other comprehensive income

#### Recognition of Financial assets at fair value through other comprehensive income

Fair value through other comprehensive income (FVTOCI) financial investments include equity shares. Equity investments classified as fair value through OCI are those that are neither classified as held for trading nor designated at fair value through profit or loss.

After the initial measurement, FVTOCI are subsequently measured at fair value, with unrealized gains or losses recognized in the statement of comprehensive income in the available-for-sale reserve. Dividends earned whilst FVTOCI are recognized in the statement of profit or loss as 'Investment income' when the right of the payment has been established. When the asset is de-recognized, cumulative gain or loss is in the statement of profit or loss and other comprehensive income is transferred to the statement of profit or loss. If the asset is determined to be impaired, the cumulative loss is recognized in the statement of profit or loss and removed from the available-for-sale reserve.

#### Impairment of financial assets at fair value through OCI

If a fair value through OCI financial asset is impaired, an amount comprising the difference between its costs (net of any principal repayment and amortization) and its current fair value, less any impairment loss previously recognized in other comprehensive income, is transferred from equity to the statement of profit or loss. Reversals in respect of equity instruments classified as fair value through OCI are not recognized in the statement of profit or loss.

Reversals of impairment losses on debt instruments classified at fair value through OCI are reversed through the statement of profit or loss, if the increase in the fair value of the instruments can be objectively related to an event occurring after the impairment losses were recognized in the statement of income.

#### **Fair Value of Financial Instruments**

Where the fair values of financial assets and financial liabilities recorded in the statement of financial position can be derived from active markets, they are derived from observable market data. However, if this is not available, judgment is required to establish fair values.

The financial assets and financial liabilities of the company are recognized at fair value. Fair value of the financial assets are determined on the basis of fair value hierarchy.

Determination of fair values of financial assets and financial liabilities recorded on the statement of financial position for which there is no observable market price are determined using a variety of valuation techniques that include the use of mathematical techniques. The inputs to these models are derived from observable market data where possible, but if this is not available, judgment is required to establish their fair values.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1: Listed/quoted (adjusted) prices in active markets for identical instruments are available. The Company
  measures the fair value of a financial instrument using active listed/quoted prices or dealer price quotations and
  managers buying price. A financial instrument is regarded as quoted in an active market if quoted prices are readily
  and regularly available from an exchange, dealer, broker, industry group, pricing service or regulatory agency and
  those prices represent actual and regularly occurring market transactions on an arm's length basis.
- Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are
  observable, either directly or indirectly. This category includes instruments valued using; quoted market prices in
  active markets for similar instruments; quoted prices for identical or similar instruments in markets that are
  considered less than active; or other valuation techniques in which all significant inputs are directly or indirectly
  observable from market data.
- Level 3: Techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data. Non-market observable input means that fair values are determined, in whole or in part, using a valuation technique (model) based on assumptions that are neither supported by prices from observable current market transactions in the same instrument, nor are they based on available market data.

### **Derecognition of financial assets**

Derecognition is the removal of a previously recognized financial asset (or financial liability) from an entity's statement of financial position. In general, NFRS 9 criteria for derecognition of a financial asset aim to answer the question whether an asset has been sold and should be derecognized or whether an entity obtained a kind of financing against this asset and simply a financial liability should be recognized.

Derecognition criteria in NFRS 9 should be applied to a part of an asset if, and only if, the part being considered for derecognition meets one of the following three conditions:

- The part comprises only specifically identified cash flows from a financial asset or a group of similar financial assets.
- 2. The part comprises only a fully proportionate (pro rata) share of the cash flows from a financial asset or a group of similar financial assets.
- 3. The part comprises only a fully proportionate (pro rata) share of specifically identified cash flows from a financial.

### 2.6. Offsetting of the financial assets and financial liabilities

A financial asset and a financial liability shall be offset and the net amount presented in the statement of financial position only when an entity:

- a) Currently has a legally enforceable right to set off the recognized amounts; and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.
- b) Entities are required to offset financial assets and financial liabilities in the balance sheet when the criteria for setoff are met and to qualify for offsetting, all of the counterparties to the contract must currently have a legally enforceable right of setoff.

### 2.7. Reinsurance Assets

Reinsurance assets are those assets that are created as a part of reinsurance ceded out of the gross amount.

Reinsurance Assets is created on the premium ceded to the reinsurer on the basis of the ratio of UPR to total gross premium income. As Reinsurance part is not covered by LAT report. Further part of claim ceded to reinsurer is also reclassed as reinsurance Assets which is as per NFRS 4. Reinsurance assets are not set off with the gross insurance contract liabilities as it is not provided by NFRS 4.

Reinsurance Assets is created on following items:

- a) Unexpired Risk Reserve on Premium ceded to reinsurer
- b) Outstanding claim ceded to reinsurer

Reinsurance assets are derecognized when the contractual rights are extinguished or expire or when the contract is transferred to another party.

Reinsurance assets are reviewed for impairment at each reporting date or more frequently when an indication of impairment arises during the reporting year. Impairment occurs when there is objective evidence as a result of an event that occurred after initial recognition of the reinsurance asset that the Company may not receive all outstanding amounts due under the terms of the contract and the event has a reliably measurable impact on the amounts that the Company will receive from the reinsurer. The impairment loss is recorded in the statement of profit or loss.

### 2.8. Current tax assets and current tax liabilities

Current tax assets of the company includes the amount of advance income tax paid to the Inland Revenue department and tax deducted at source (TDS). Similar current tax liabilities includes the tax provision made for the year.

Current tax assets and liabilities consist of amounts expected to be recovered from or paid to Inland Revenue Department in respect of the current year, using the tax rates and tax laws enacted or substantively enacted on the reporting date and any adjustment to tax payable in respect of prior years.

Current tax assets and current tax liabilities are shown in net in statement of financial position of the company as there exist condition to setoff both of the assets and liabilities as permitted by NFRS 9.

### 2.9. Cash and Cash Equivalent

Cash and cash equivalent in the statement of financial position comprise cash at banks and on hand and short-term deposits with a maturity of three months or less, which are subject to an insignificant risk of changes in value net of any provision.

### 2.10. Insurance Contract Liabilities

In accordance with NFRS 4 based on the Actuarial Report.

### 2.11. Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the Company expects some or all of a provision to be reimbursed, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. Expense relating to any provision is presented in the statement of income net of any reimbursement.

If the effect of the time value of money is material, provisions are discounting using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

### 2.12. Revenue Recognition Policy of company

The company applies accrual basis of accounting for the recognition of revenue which includes fees and commission income and other income of insurance company as per the requirement of the NAS 18. Premium Income is recognized on cash basis.

### 2.13. Gross premiums on insurance contracts

NFRS 4 - Insurance Contracts, requires contracts written by insurer to be classified as either 'Insurance contracts' or 'Investment contracts' depending in the level of insurance risk transferred.

Insurance contracts are those contracts when the Company (the insurer) has accepted significant insurance risk from another party (the policyholders) by agreeing to compensate the policyholders, if a specified uncertain future event (the insured event) adversely affects the policyholders.

As a general guideline, the Company determines whether it has significant insurance risk, by comparing benefits paid with benefits payable, if the insured event did not occur. Insurance contracts can also transfer financial risk.

Investment contracts are those contracts that transfer significant financial risk and no significant insurance risk. Financial risk is the risk of a possible future change in one or more of a specified interest rate, financial instrument price, commodity price, foreign exchange rate, index of price or rates, credit rating or credit index or other variables, provided in the case of a non-financial variable that the variable is not specific to a party to the contract.

Once a contract has been classified as an insurance contract, it remains an insurance contract for the remainder of its lifetime, even if the insurance risk reduces significantly during this period, unless all rights and obligations are extinguished or expire. Investment contracts can, however, be reclassified as insurance contracts after inception if insurance risk becomes significant.

All the products sold by the Company are insurance contracts. Therefore, classified as insurance contracts under the NFRS 4 - Insurance Contracts. Thus, the Company does not have any investment contracts within its product portfolio as at the reporting date.

### Revenue recognition of gross written premium

Gross premium (GP) represents the premium charged by the Company to underwrite risks. GP is accounted on cash basis.

Non-life insurance gross premium comprises the total premiums received/receivable for the whole period of cover provided by contracts entered into during the accounting period and are recognized on the date on which the policy commences.

### 2.14. Premiums ceded to reinsurers on insurance contracts

### Recognition of premium ceded to reinsurers

Non-life gross reinsurance premium comprises the total premium payable for the whole cover provided by contracts entered into the period and is recognized on the date on which the policy incepts. Premium includes any adjustments arising in the accounting period in respect of reinsurance contracts incepting in prior accounting periods.

### 2.15. Fee and Re-insurance Commission Income

As per Nepal financial reporting standards the insurance company shall recognize its income in accrual basis, hence the fee and reinsurance commission of the company received during the year is not totally recognized as income in the year of collection of cash. However NFRS required to defer the fee and commission income not related to the current year. Hence the fee and commission income is deferred by using the unearned premium reserve to gross provision ratio.

### 2.16. Interest income

### Revenue recognition of interest income

Interest income is recognized in the statement of profit or loss as it accrues and is calculated by using the effective interest rate method. The effective interest rate is the rate that exactly discounts the estimated future cash receipts or payments through the expected life of the financial asset or liabilities (or, where appropriate, a shorter period) to the carrying amount of the financial asset or liabilities. When calculating the effective interest rate, the Company estimates future cash flows considering all contractual terms of the financial instrument, but not future credit losses. The calculation of the effective interest rate includes all transaction costs and fees and points paid or received that are an integral part of the effective interest rate. Transaction costs include incremental costs that are directly attributable to the acquisition or issue of a financial asset or liability. Company's all the interest income has been from banks and Financial Institutions which approximate to effective interest rate on similar deposit instruments in the market.

### 2.17. Dividend Recognition policy

As per NAS dividend income or expense shall be recognized when right to receive dividend is established or dividend is declared by the company.

### 2.18. Staff expenses

### **Short-term employee benefits**

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

### 2.19. Retirement Benefits Obligations

### A. Defined Contribution Plans

A Defined Contribution Plan includes post-employment benefit plan under which an Insurance pays fixed contribution into a separate Institution (or own fund) and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee services in the current and prior periods, as defined in Nepal Accounting Standards – NAS 19 (Employee Benefits).

Employer & Employee both, contributes 10% of the basic salary.

### B. Defined Benefit Plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. Accordingly, staff gratuity and leave encashment has been considered as defined benefit plans as per Nepal Accounting Standards – NAS 19 (Employee Benefits).

Provision for Defined Benefit Plan are provided as per NAS 19 based on Actuarial Valuation Report.

### 2.20 Insurance company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. Leases that do not transfer substantially all of the risks and rewards of ownership of an asset to the Insurance Company are classified as operating leases.

Operating lease payments are recognized as an expense in the statement of profit or loss on a straight line basis over the lease term.

### Insurance company as a lessor

Leases in which the Insurance Company does not transfer substantially all of the risks and rewards of ownership of an asset are classified as operating leases. Rental income is recognized as revenue in the statement of profit or loss on a straight line basis over the lease term.

Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same bases as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

### 2.21 Capital commitments and contingencies

All discernible risks are accounted for in determining the amount of all known liabilities. Contingent liabilities are possible obligations whose existence will be confirmed only by uncertain future events or present obligations where the transfer of economic benefit is not probable or cannot be reliably measured. Contingent liabilities are not recognized in the statement of financial position but are disclosed unless they are remote.

The Company has contingencies amounting NPR. 8,986,724. This amount has been re-assessed by Tax Authority for the year 2066/67, 2067/68 and 2068/69. The company, being unsatisfied with the amount assessed by the Tax Authority, has submitted an application to IRD for Administrative review.

Additional Tax of NPR. 3,002,002 has been provisioned as tax expense for the year 2069/70, as determined by the final review by Tax Authority.

### 2.22 Deferred Acquisition Cost

As per NFSR 4 deferred acquisition cost describes the practice of deferring the cost of acquiring a new customer over the duration of the insurance contract. Insurance companies face large upfront costs incurred in issuing new business.

The insurance company has incurred agent commission and reinsurance commission expense as deferred acquisition cost which are deferred for the net period.

### 2.23 Segment Reporting

The company has determine following business as separate segment;

- a) Aviation
- b) Crops and cattle
- c) Engineering
- d) Fire
- e) Marine
- f) Laghu
- g) Miscellaneous
- h) Motor

Segment Reporting includes the total profit distribution of the company to all its line of business. The premium income, reinsurance premium expense, gross claim and claim ceded to reinsurer, outstanding claim, other direct expenses and income, fee and commission income, investment income, other operating and administrative expenses are allocated to each line of business as per revenue account as prepared in existing GAAP policy however any amount increase or decrease in such item are separately kept as an unallocated amount.

### 2.24 Events occurring after the reporting date

Events after the reporting period are those events, favorable and unfavorable, that occur between the reporting date and the date when the financial statements are authorized for issue.

All material post reporting date events have been considered and where appropriate, adjustments or disclosures have been made in the respective notes to the financial statements.

### 2.25 Significant Accounting Judgments, Estimates and Assumptions

The preparation of Financial Statements in conformity with Nepal Accounting Standards requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

### 35 Accounting Clasification and Fair Value

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction on the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either;

In the principal market for the asset or liability or;

In the absence of the principal market, in the most advantageous market for the asset or liability.

Fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. When available, the Company measures the fair value of an instrument using quoted prices in an active market for that instrument. A market is regarded as active if quoted prices are readily and regularly available and represent actual and regularly occurring market transactions on an arm's length basis. For units in unit trusts, fair value is determined by reference to published bid-values. If a market for a financial instrument is not active, then the Company establishes fair value using a valuation technique.

Valuation techniques include using recent arm's length transactions between knowledgeable, willing parties (if available), reference to the current fair value of other instruments that are substantially the same, discounted cash flow analyses and option pricing models. The chosen valuation technique makes maximum use of market inputs, relies as little as possible on estimates specific to the Company, incorporates all factors that market participants would consider in setting a price, and is consistent with accepted economic methodologies for pricing financial instruments. Inputs to valuation techniques reasonably represent market expectations and measures of the risk-return factors inherent in the financial instrument. The Company calibrates valuation techniques and tests them for validity using prices from observable current market transactions in the same instrument or based on other available observable market data.

The best evidence of the fair value of a financial instrument at initial recognition is the transaction price, i.e. the fair value of the consideration given or received, unless the fair value of that instrument is evidenced by comparison with other observable current market transactions in the same instrument, i.e. without modification or repackaging, or based on a valuation technique whose variables include only data from observable markets.

When transaction price provides the best evidence of fair value at initial recognition, the financial instrument is initially measured at the transaction price and any difference between this price and the value initially obtained from a valuation model is subsequently recognised in the statement of profit or loss on an appropriate basis over the life of the instrument but not later than when the valuation is supported wholly by observable market data or the transaction is closed out.

Any difference between the fair value at initial recognition and the amount that would be determined at that date using a valuation technique in a situation in which the valuation is dependent on unobservable is not recognised in the statement of profit or loss immediately, but is recognised over the life of the instrument on an appropriate basis or when the instrument is redeemed, transferred or sold, or the fair value becomes observable. Assets and long positions are measured at a bid price; liabilities and short positions are measured at an asking price. Fair values reflect the credit risk of the instrument and include adjustments to take account of the credit risk of the Company and the counter party where appropriate. Fair value estimates obtained from models are adjusted for any other factors, such as liquidity risk or model uncertainties; to the extent that the Company believes a third-party market participant would take them into accounting pricing a transaction.

Financial assets and liabilities based on the accounting classification with their carrying values and fair values are tabulated below.

### Recognition and measurement of employee defined benefit obligations

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The liability recognised in the financial statements in respect of defined benefit plans is the present value of the defined benefit obligation as at the reporting date. The value of defined benefit obligation is calculated by a qualified Actuary as at the reporting date, using the Projected Unit Credit (PUC) method as recommended by NAS 19 - Employee Benefits. The Actuarial valuation involves making assumptions about discount rate, salary increment rate and balance service period of employees. Due to the long-term nature of the plans, such estimates are subject to significant uncertainty.

The re-measurement of the net defined benefit liability which comprises actuarial gains and losses are charged or credited to the statement of other comprehensive income in the period in which they arise. The assumptions based on which the results of the actuarial valuation was determined, are included in Note 36.2.4 to the financial statements.

Cost of defined benefit obligations (gratuity) is determined using actuarial valuation. The actuarial valuation involves making assumptions about discount rates, expected rates of return on assets, future salary increases and mortality rates.

Due to the complexity of the valuation, the underlying assumptions and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

### 37 Risk Management Framework

### (a) Insurance and financial risk

### (i) Insurance risks

The Company principally issues the following types of general insurance contracts: motor, Fire and engineering, marine, Micro, Laghu and miscellaneous. Risks under non-life insurance policies usually cover twelve months duration.

For general insurance contracts, the most significant risks arise from natural disasters, climate changes and terrorist activities. For longer tail claims that take some years to settle, there is also inflation risk.

The above risk exposure is mitigated by diversification across a large portfolio of insurance contracts and geographical areas. This is largely achieved through diversification across industry sectors and geography. Furthemore, strict claim review policies to assess all new and ongoing cliams, regular detailed review of claims handling procedures and frequent investigation of possible fraudulent claims are established to reduce the risk exposure of the Company. The Company further enforces a policy of actively managing an promptly pursuing claims, in order to reduce its exposure to unpredictable future developments that can negatively impact the business. inflation risk is mitigated by taking expected inflation in to account when estimating insurance contract liabilities. The Company identifies and categorises risks in terms of their source, their impact on the Company and preferred strategies for dealing with them.

The Company has also limited its exposure by imposing maximum claim amounts on certain contracts as well as the use of reinsurance arrangements in order to limit exposure to catastrophic events (e.g. flood damage).

The Company considers insurance risk to be a combination of the following components.

- Product design risk
- Underwriting risk
- Reinsurance risk
- Claims risk

Operational risk	Mitigation strategies		
Product design risk The Company issues non-life insurance contracts such as motor, fire and engineering, marine and miscellaneous. Product designs of the portfolio may be outdated due to changes in the climate leading to natural disasters, behavioral trends of people due to changing life styles and steady escalation of costs in respect of spare parts in the industry.	Diversification of insurance contracts across a large geographical areas.  Variability of risk is improved by careful selection and implementation of underwriting strategies, which are designed to ensure that risks are diversified in terms of type of risk.  Strategies are periodically reviewed and suitable action taken.  Constant watch on internal and external factors that may impede planned objectives.		
Underwriting risk			
Underwriting risk generally refers to the risk of loss on underwriting activity in the insurance. In insurance, underwriting risk may either arise from an inaccurate assessment of the risks entailed in writing an insurance policy, or from factors wholly out of the underwriter's control.	Improve knowledge and skills of the underwriting staff.  Statistical databases are maintained on loss making clients to ensure such clients are strategically declined.  Review profitability, pricing, terms and conditions of various products.  Financial authority limits are in place for underwriting clearly prescribing the limits to underwrite based on the sum assured and risk.

### 37.2 Risk Management Framework (Continued)

### **Governance framework**

The Board of Directors of the Company has the overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions, products and services offered. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Board is ultimately responsible for monitoring compliance with the Company's risk management policies and procedures. The Board is assisted in these functions by internal audit department and the Board Audit Committee. The internal audit department undertakes both regular and ad-hoc reviews of risk management controls and procedures, the results of which are reported to the Board.

### Regulatory framework

Regulators are primarily interested in protecting the rights of policyholders and monitor them closely to ensure that the Company is satisfactorily managing affairs for policyholders' benefit. At the same time, regulators are also interested in ensuring that the Company maintains an appropriate solvency position to meet unforeseen liabilities arising from economic shocks or natural disasters.

As an insurer, the operations of the Company are subject to regulatory supervision of the Insurance Board of Nepal. The Company has taken necessary action to comply with and complied with applicable regulations throughout the year.

### (ii) Financial risks

### Nature and extent of risk arising from financial instruments

The Company has exposure to the following risks from financial instruments.

- Credit risk
- Liquidity risk
- Market risk

This note presents information about the Company's exposure to each of the above risks and the Company's objectives, policies and processes for measuring and managing risks.

### Notes to the Financial Statements As at 31 Ashad 2076

### 37.3 Risk Management Framework (Continued)

### • Credit risk/loan risk

Credit risk is the risk of financial loss to the Company, if a customer or counter-party to a financial instrument fails to meet its contractual obligations in accordance with agreed terms and arises principally from the Company's premium receivables, reinsurance receivables, investments in debt securities and deposits with financial institutions such as time deposits, demand deposits, etc.

### Management of credit risk - Insurance receivables

The company has no any policy for providing Credit facility against issued policy document as per regulatory restriction. As a result of rigourus follow up of outstanding premiums, the policies which are not settled within the approved credit periods are cancelled on a regular basis. The Company checks the status of the outstanding premium before settling claims to reduce the credit risk. The Company has implemented an impairment review for premium receivables periodically and provide for the same based on the results of the review.

### Management of credit risk - Reinsurance receivables

Credit risk with regard to reinsurance receivables is mitigated by selecting the reinsurers with higher credit ratings and reviewing their ratings periodically. The following table depicts the reinsurers of the Company with their ratings.

Reinsurer		Issuing agency
General Insurance Corporation of India, Mumbai, India		A.M. Best
Zep-Re (PTA) Reinsurance Co.), Nairobi, Kenya	B+	A.M. Best
Hannover Ruckvesicherung AG, Malaysian Branch	A+	A.M. Best

Asian Reinsurance Corporation, Bangkok, Thailand	B+	A.M. Best
Kenya Reinsurance Corporation Ltd., Nairobi, Kenya		A.M. Best
Oriental Insurance Company Limited, New Delhi, India	B++	A.M. Best

### Management of credit risk - Financial investments (Except listed equity securities)

The Company evaluates the credit ratings of the respective investee and/or respective issue prior to the investment decision are made. In addition, the Company focuses on tolerable levels concentration risk and portfolio monitoring in line with the Company's risk appetite.

### Management of credit risk - Cash at bank

The Company's exposure to credit risk with relevant to cash and cash equivalents is minimal since these balances are maintained at banks and finance companies with high credit ratings.

### Notes to the Financial Statements As at 31 Ashad 2076

### 37.4 Risk Management Framework (Continued)

### **Collateral adequacy**

As a general principle, the Company endeavors to obtain adequate collateral to secure its investments as applicable. The Company focuses on quality and responsibility of such collateral to mitigate potential credit losses. The management monitors the market value of collateral, and requests additional collateral in accordance with the underlying agreement. A reasonable margin of safety is maintained in collateral values as follows.

	31 Ashad 2076 Rs.	32 Ashad 2075 Rs.	31 Ashad 2074 Rs.
Carrying value of investments in financial assets at amortized cost Fair value of collateral  Excess value of collateral	1,986,425,713	1,277,015,028	120,638,208
	(1,986,425,713)	(1,277,015,028)	(120,638,208)

### • Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. In respect of catastrophic events, there is also a liquidity risk associated with timing differences between gross cash out-flows and expected reinsurance recoveries.

### Management of liquidity risk

The following controls are in place to mitigate liquidity risk which is faced by the Company.

- i. The Company's approach to managing liquidity is to ensure that funds available are adequate to meet claim payments to its policyholders and to ensure operational expenses are paid when they are due.
- ii. Main sources of the Company's funding are capital and gross written premium. The Company also maintains a portfolio of readily marketable securities to strengthen its liquidity position. Investment durations are diversified, depending on the cash flow needs of the Company and maturity periods are regularly reviewed. Cash flow analysis is done prior to investments are made.
- iii. The Company's treaty agreements with reinsurers contain clauses permitting the immediate draw down of funds to meet claim payments should claim events exceed a certain agreed size.
- iv. Availability of a stand-by overdraft facility to be used only in the event of an emergency.
- v. Determining the maturity profiles of insurance contract liabilities and reinsurance assets based on the estimated timing of net cash outflows from recognised insurance liabilities.
- vi. Planning for all large cash outflows in advance and making necessary arrangements to ensure the availability of funds to meet such outflows.

### Exposure to liquidity risk

The Company monitors the liquidity position of the Company to asses funding requirements. Liquid assets include cash and short term investments and bills purchased. The Company also monitors maturity profile of its assets and liabilities.

### **Maturity profiles**

The following table summarises the maturity profile of the financial assets, financial liabilities and insurance contract liabilities. Unearned premiums have been excluded from the analysis as they are not contractual obligations. The Company maintains a portfolio of highly marketable and diverse assets that can be easily liquidated in the event of an unforeseeable interruption of cash flow. The Company also has committed lines of credit that it can access to meet liquidity needs.

### Notes to the Financial Statements As at 31 Ashad 2076

### 37.6 Risk Management Framework (Continued)

### Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices. Market risk is an aggregation of

- a) Interest rate risk
- b) Currency risk
- c) Equity price risk

### a) Interest rate risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate due to changes in market interest rates. Floating rate instruments typically expose the Company to cash flow interest risk, whereas fixed interest rate instruments expose the Company to fair value interest rate risk.

### Management of interest rate risk

In order to mitigate the interest rate risk faced by the Company, the management follows the guidelines set out in the investment policy which is regularly reviewed by the Investment Committee. Among such guidelines, following guidlines included to mitigate the interest rate risk faced by the Company.

- ii. Forecasting and monitoring future cash inflows and outflows when formulating investment strategies.
- iii. Relative amounts of the each portfolio will be determined by the Company's liquidity position, availability of market values, individual secuities' risk/return profiles.

### Sensitivity analysis - Interest rate risk

Sensitivity analysis for interest rate risk reflects the changes in the fair value or future cash flows of a financial instrument at the reporting date in response to assumed movements in market interest rates. The sensitivity of reported fair value of financial instruments is monitored by assessing the projected changes in the fair value of financial instruments held by the portfolios in response to assumed parallel shift in the yield curve by +/- 100 basis points and +/- 200 basis points.

### PBT\* - Profit before tax

### b) Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to the changes in foreign exchange rates. The Company's principal transactions are carried out in Nepalese Rupees (Rs.) and hence, its exposure to foreign exchange risk arises primarily with respect to reinsurance recoveries and US Dollars denominated assets developed out of aforementioned recoveries.

### Management of currency risk

The currency risk faced by the Company is minimal since no material liabilities or assets were recorded on foreign currency denominated as at the reporting date.

### Sensitivity analysis - Currency risk

The tables below indicate the currencies to which the Company had significant exposures as at 32 Ashad 2075 and the effect to the gains/(losses) in case of a market exchange rates up/drop by 1%. The analysis below calculates the effect of a reasonably possible movement of the currency rate against the Nepalese Rupee, with all other variables held constant, on the statement of profit or loss and the equity.

### 37.7 Risk Management Framework (Continued)

### c) Equity price risk

The risk of fluctuation in fair values or future cash flows of a financial instrument due to a change in market prices, other than those occurring due to interest rate risk or currency risk, is referred to as equity price risk. Accordingly, the equity price risk affects the Company's investments in equity instruments.

### Management of equity price risk

In order to mitigate the equity price risk faced by the Company, the management follows the guidelines set out in the investment policy. The Company's investment policy guides the management to set/monitor objectives and constraints on investments, diversification plans as well as limits on equity exposure. Compliance with the policy is monitored and the exposure and instances of non-compliance are reported to the Board of Directors. The policy is reviewed regularly for pertinence and for changes in the risk environment. The Company manages its equity price risk by investing in relatively less volatile sectors and in different sectors.

### Sensitivity analysis - Equity price risk

Sensitivity analysis for equity risk reflects how changes in the fair value of equity securities at the reporting date will fluctuate in response to assumed changes in equity market prices. The movements in the fair value of equity securities monitored by assessing the projected changes in the fair value of equity securities held by the portfolios in response to assumed equity price movements of +/- 10% and +/- 20%.

### **Operational risks**

Operational risk is the risk of loss arising from system failure, human error, fraud or external events. When controls fail to perform, operational risks can cause damage to reputation, have legal or regulatory implications or can lead to financial loss. The Company cannot expect to eliminate all operational risks, but by intiating a rigorous control framework and by monitoring and responding to potential risks, the Company is able to manage the risks. Controls include effective segregation of duties, access controls, authorisation and reconciliation procedures, staff education and assessment processess, including the use of internal audit. Business risks such as changes in environment, technology and the industry are monitered through the Company's strategic planning and budgeting process.

### 38 Events After the Reporting Date

### 38.1 Impact of Covid-19

The Government of Nepal has announced complete lockdown from March 24, 2020 (F/Y 2076/77) onwards to control the spread of COVID-19 Pandemic in the country. The management has assessed the effect of lockdown and is of the view that the lockdown does not have any material impact on the operations till the reporting date. However the revenue and operating result of the company during the year and thereafter may be declined.

The spread of COVID-19 pandemic has severe impact on global economies including Nepal where businesses are being forced to cease or limit operations for more than 10 weeks resulting in an economic slowdown. Although, the Government and central bank have responded with monetary and fiscal interventions to stabilize the economic conditions, there is no much relief available to the Company as of the issue of these financial statements. Further, the company has assessed its ability to continue as a going concern and the management has determined that there is no any adjusting or non-adjusting event.

### 39 Capital Commitments and Contingencies

### 39.1 Capital commitments

The company doesnot have any Capital Commitments as on 31st Ashad, 2076.

### 39.2 Contingencies

In the opinion of the Directors and the Company's lawyers, pending litigation against the Company will not have a material impact on the reported financial results or future operations of the Company.

All pending litigation for claims have been evaluated and adequate provisions have been made in the financial statements.

The Company has contingencies amounting Rs. 89,86,724. This amount has been re-assessed by Tax Authority for the year 2066/67, 2067/68 and 2068/69. The company, being unsatisfied with the amount assessed by the Tax Authority, has submitted an application to IRD for Administrative review.

Additional Tax of NRS. 59,871 has been provisioned as tax expense for the year 2071/72, as determined by the final review by Tax Authority.

### ग) जगेडा कोघ र बीमा कोघ :

समीक्षा वर्षमा यस कम्पनीको वीमा कोष, महा विपत्ति जगेडा कोष तथा अन्य जगेडा गरी जम्मा रु. ७३ करोड ८ लाख ७८ हजार पुगेको जानकारी गर्दछौं।

### २) राष्ट्रिय तथा अन्तर्राष्ट्रिय स्थितिबाट कम्पनीको कारोवारमा परेको असरः

मुलुकको राजनैतिक स्थायित्व संगै समीक्षा अवधिमा आर्थिक क्षेत्रमा उत्साहजनक रुपमा प्रगित हासिल हुने अपेक्षा गरे अनुरुप मुलुकले आर्थिक क्षेत्रमा कमश गित लिंदै गएको र निर्जिवन बिमाको क्षेत्रमा सोको सकारात्मक प्रभाव परी कम्पनीको व्यवसायिक उपलब्धिमा प्रगित भई अघिल्लो आ.व.को तुलनामा १८.४३ प्रतिशतले बीमाशुल्क सङ्कलनमा बृद्धि गर्न सक्षम भएको र मुलुकमा आर्थिक क्षेत्रको बिकास संगै समग्र बीमा बजारमा समेत सकारात्मक असर परेकोछ ।

आ.व. २०७६/०७७ मा आर्थिक क्षेत्रमा उत्साहजनक रुपमा प्रगित हासिल हुने अपेक्षा रहेकोमा विश्व महामारीको रुपमा मंसिर/पौषबाट देखा परेको COVID-19 को असर नेपालमा समेत परी सोको रोकथाम तथा नियन्त्रणका लागि २०७६ चैत्र ११ बाट नेपाल सरकारले देशभरी Lock Down गरेका कारण आशातित उपलिख्ध हाँसिल गर्न नसिकएता पिन हालै आएर मुलुकमा लकडाउन हटाईएकोले विस्तारै आर्थिक क्षेत्र चलायमान हुँदै गएको हुँदा गित लिन थालि सकेको हुँदा आर्थिक क्षेत्रको विकास सँगै बीमा ब्यवसायमा अपेक्षाकृत बृद्धि हुने विश्वास लिएका छौं।

### ३) प्रतिवेदनको मितिसम्म चालु वर्षको उपलब्धि र भविष्यको सम्बन्धमा संचालक समितिको धारणाः

मुलुकमा भई रहेको आर्थिक विकास संगसंगै वीमावजारको समेत बृद्धिहुँदै गएको अवस्थामा विश्व महामारीको रूपमा फैलिएको COVID-19 को संक्रमण रोक्नका लागि नेपाल सरकारले २०७६ चैत्र ११ गते देखि देशभर लकडाउन गरी सम्पूर्ण आर्थिक क्षेत्र प्रायः ठप्प भएकोमा कम्पनीले यस आ.व.मा लिएको प्रिमियम संकलनको लक्ष्यमा असर पुग्न गई आशातित उपलिख्धि हाँसिल गर्न नसिकएता पिन कम्पनी प्रति वीमितहरूको निरन्तर विश्वास र प्रतिकूल अवस्थामा कर्मचारीबाट जिम्मेवारी बोधकासाथ लकडाउनका समयमा Online मार्फत घरैबाट र सीमित कर्मचारी कार्यालय उपस्थित भई वीमितहरूलाई वीमा सेवा प्रदान गर्न समक्ष भएकोले COVID-19 को असरका वाबजुद चालू आर्थिक वर्ष २०७६/०७७ मा कम्पनीले रु. २१९.४७ करोड प्रिमियम संकलन गरेको छ जुन गत आ.ब. २०७५/०७६ को तुलनामा ०.५३ प्रतिशत अर्थात रु. १.८१ करोडले वृद्धि भएको छ ।

आर्थिक वर्ष २०७६/०७७ मा कम्पनीले क्षेत्रगत रुपमा निम्नानुसार प्रिमियम आम्दानी गरेको व्यहोरा यहाँहरू समक्ष प्रस्तुत गरेका छौं।

### अध्यक्षज्यको मन्तव्य

२०५३ साल श्रावण महिना देखि बीमा कारोवार सुरु गरेको हाम्रो कम्पनी गत २०७७ श्रावण २ गतेबाट २४ वर्ष पूरा गरी २५ औं वर्षमा प्रवेश गरेको छ । यस अबिधमा कम्पनीको उत्थान र प्रगतिको लागी प्रयासरत रहनुहुने संचालक समिति, कम्पनी व्यवस्थापन, शेयरधनी माहानुभावहरू, प्रवर्द्धकज्युहरू, नियमक निकाय लगायत सम्बद्ध सबैमा हार्दिक आभार प्रकट गर्दै धन्यबाद ज्ञापन गर्न चाहान्छु । कम्पनी रजत वर्षमा प्रवेश गरेको उपलक्ष्यमा बिषेश कार्यक्रमको आयोजना गर्ने योजना रहेपनि Covid-19 को कारणले कुनै खास कार्यक्रम नभएपनि २५ औं वर्षगाठ भरी नै विभिन्न कार्यक्रमहरूको आयोजना गर्ने लक्ष्य लिएका छौं ।

काठमाण्डौको थापाथलीमा कार्यालय स्थापनागरी करिव १० जना कर्मचारीहरूबाट कारोवार संचालन गरेको कम्पनी २५ औं वर्षमा प्रवेश गर्दाको दौरान सम्ममा कम्पनीको काठमाण्डौमा आफ्नै सुविधा सम्पन्न कार्यालय भवन सहित देशका सातवटै प्रदेशका ७६ वटा कार्यालयका ३६१ कर्मचारी मार्फत बीमासेवा प्रदान गरिआएको जानकारी अवगत गराउँन पाउँदा गौरवभान्वीत भएकाछौं।

रु. ३ करोड ६ लाख चुक्तापूँजीबाट शुरु भएको कम्पनीको चुक्तापूँजी हाल रु. १ अरब १२ लाख २२ हजार ९ सय पुगेको छ । कम्पनीले आफ्नो स्थापनाको प्रथम वर्षमा बीमा शुल्क रु. ५९ लाख ७ हजार ६७६ संकलन गरेकोमा कमश बृद्धि गर्दै आ.व. २०७६/०७७ को अन्त्य सम्ममा आई पुग्दा बीमा शुल्क रु. २ अरब १९ करोड ४७ लाख संकलन गर्न सक्षम भएको जानकारी गराउँदछु । त्यस्तै बीमादावी भुक्तानी तर्फ शरुका वर्षमा रु. ४४ हजार दावी भुक्तानी गरिएकोमा सोमा बृद्धि हुदै आ.व. २०७६/०७७ को अन्त्यमा आई पुग्दा एक आ.व.को अविधमा रु. १ अरब २ करोड बीमा दावी भुक्तानी गर्न कम्पनी सक्षम भएको जानकारी गराउन पाउँदा गौरव महस्श गरेकाछौं ।

स्थापनाको २५ औं वर्षमा आई पुग्दा कम्पनीले २ वटा अकल्पनीय घटनाहरूको सामाना गर्नु परेको यथार्थ यहाहरूलाई अबगत नै छ । वि.सं. २०७२ को विनासकारी महाभुकम्पबाट कम्पनीले करिव २ अरबको आर्थिक जोखिमको सामाना गर्नुपच्यो भने हालसालै विश्वभर फैलिएको Covid-19 नामक महामारीका कारण समग्र आर्थिक अवस्था खराब हुन पुगेको छ । कम्पनीमा पर्न गएका उपरोक्त बमोजिमका असरहरूलाई समुचित तवरले व्यवस्थापन गर्दे कम्पनीको लक्ष्य अनुरुपको व्यवसायिक प्रगतीमा निरन्तरता दिनु आजको प्रमुख चुनौती रहेको व्यहोरा यहाँहरूलाई अवगत गराउँदछु । "Big or Small - Security for All" भन्ने कम्पनीको म'लमन्त्र लाई आत्मसात गर्दे सबै वर्ग र समुदायका बीमितहरूलाई सहज तरिकाले स्तरिय बीमा सेवा प्रदान गर्दे आईरहेको र आगामी दिनमा पनि यसलाई निरन्तरता दिईरहने क्राको प्रतिबद्धता जाहेर गर्दछ ।

वीमा मानिस र व्यवसायको अभिन्न अंग भईसकेको आजको सर्न्दभमा जोखिमका सबै क्षेत्रहरूलाई समेट्दै कम्पनीले बीमा सेवा प्रदान गर्दै आईरहेको छ । विपत अवस्थाको महत्वपूर्ण सहयोगि साथि वीमा कम्पनी हो भन्ने कुराको छाप आजको समयमा सम्पूर्ण समुदायमा परिसकेकोछ । प्राकृतिक प्रकोप लगायत अन्य दुर्घटनाबाट हुन सक्ने धनजनको क्षतिबाट बीमितलाई पर्न सक्ने आर्थिक भारर नोक्सानीलाई परिपूर्ति गर्न बीमा निर्विकत्य माध्यम भएको हुँदा जोखिमका सबै क्षेत्रमा बीमालाई अनिवार्य गराउनु आजको आवश्यकता देखिएकोले सो तर्फ सरकारको ध्यानाकर्षण गराउनु पर्ने बेला भईसकेको छ ।

बीमा कम्पनीको प्रमुख दायित्व भनेको दावी परेको बेलामा बीमितलाई छिटोछिरितो रुपमा वास्तिबिक नोक्सानी अनुसारको दाबि भुक्तानि गरी राहत प्रदान गर्नु नै हो । कम्पनीले सोही कुरालाई प्रथमिकतामा राखी समुचित तवरले दावीको भुक्तानीबाट आफ्ना ग्राहकलाई पूर्ण सन्तुष्टी बनाई ग्राहक वर्गलाईनै कम्पनीको प्रचारकका रुपमा सहभागी गराएर अघि बढ्ने रणनीति कम्पनीले लिएको छ ।

सबल र सक्षम बिमा कम्पनी आजको आबश्यकता हो। पिर्ल्ला दिनहरूमा बैंक तथा बित्तीय संस्थाहरू एक आपसमा मर्ज हुने वा एक अर्काले प्राप्तिहुने कम बढीरहेको छ। संस्थाहरू एक आपसमा मर्ज गर्वा वा प्राप्ती गर्वा संस्थामा नया प्रकारको सकारात्मक उर्जा प्रबाह हुने, बिमा बजारमा उपस्थित बिलयो हुने र बिमितहरूलाई बिमा सेवा सुलभ भई शेयरधिनहरूलाई समेत समुचित प्रतिफल प्रदान गर्न सिकयोस भन्ने अभिप्रायले अन्य उपयुक्त कम्पनी संग मर्ज वा प्राप्ती गर्ने प्रकृयाका लागी संचालक समितिलाई अधिकार प्रदान गर्ने प्रस्ताब यस साधारण सभामा पेश गरेका छौं। यस बिषयमा समेत यहाहरूले उचित र रचनात्मक सुभाव दिन्हुने छ भन्ने विश्वास लिएका छौं।

निर्जीवन बीमा कम्पनीहरूको चुक्ता पूँजी रु. १ अरव पुऱ्याउनु पर्ने विमा सिमितिको निर्देशन बमोजिम गत २०७६/०३/१३ मा सम्पन्न २२ औं वार्षिक साधारण सभावाट कम्पनीले तोकिएको समय भित्रै चुक्तापूँजी रु. १ अरव १२ लाख २२ हजार ९ सय ३४ पुगेको ब्यहोरा यहाहरूलाई अवगत गराउँदछु । उल्लेखित चुक्तापूँजी पुऱ्याउने क्रममा गत आ.व. २०७४/०७५ मा कम्पनीले ६६ प्रतिशत बोनस शेयर वितरण गर्ने प्रयोजनका लागि अपुग रकम बीमा सिमितिको स्वीकृतिमा सोधभर्ना गर्ने गरी महा विपत्तिकोषवाट बोनस शेयर वितरण प्रयोजनार्थ प्रयोग गरिएको थियो। समीक्षा आ.व. को मुनाफाबाट महाविपत्ति कोषमा रु. ५३५९४६४३/-सोधभर्ना गर्नु पर्ने भएका कारण कम्पनीले यस वर्ष शेयरधनीहरूलाई कुनै पनि प्रकारको लाभांस वितरण गर्न असमर्थ रहेको ब्यहोरा यहाहरू समक्ष जानकारी गराउँदछौं।

मुलुक आर्थिक रुपले समृद्ध हुने बाटोमा अघि बढी रहेको र देशमा भौतिक पूर्वाधार लगायत औद्योगिक क्षेत्रको विकास क्रमिक रुपमा सुधार हुने क्रममा रहेको अवस्थामा अकस्मात फैलिएको COVID-19 को संक्रमणबाट सम्पूर्ण विश्वनै प्रभावित भएको र COVID-19 को संक्रमणको कारण नेपाल सरकारले २०७६ चैत्र ११ गतेबाट गत २०७७ श्रावण ०७ गतेसम्म मुलुक Lock Down मा गएकोले आ.व. २०७७/०७६ मा समेत यसको असर पर्न सक्ने र कम्पनीको व्यापार व्यवसायमा समेत हास आउन सक्ने भएकोले सो को सहज ब्यवस्थापनमा लाग्नका लागि आवश्यक रणनीति निर्माण गरी कम्पनी अघि बढने प्रतिबद्धता ब्यक्त गर्दछौं।

मुलुक लकडाउनमा रहेको समयमा समेत कम्पनीले इलिप्लिभ मार्फत बीमालेख जारी गरी आफ्ना ग्राहकहरलाई बीमासेवा प्रदान गरिएको र आगामी दिनमा Insurance Digitally को माध्यमबाट बीमालेख जारी गर्ने व्यवस्थालाई निरन्तरता दिईने निति लिईएको छ। जसबाट ग्राहकहरूले आफ्नो घरबाटनै आफ्लाई चाहिएको बीमालेख खरिद गर्न सक्ने अबस्था रहनेछ।

बित्तीय बिबरण स्विकृत भएको ६० दिनिभित्र साधारण सभा गरीसक्नुपर्ने बिमा सिमितिबाट निर्देशन भएको र सरकारको घोषित नियम बमोजिम सामाजिम दुरी कायम गरी सभा सम्मेलन आयोजना गर्नुपर्ने भएको हुनाले भौतिक रुपमा सभामा उपस्थित हुन नसक्ने शेयरभिन माहानुभाहरूको लागी Zoom App को प्रयोगद्वारा सभामा सहभागी हुने व्यवस्था समेत मिलाएको व्यहोरा अबगत गराउँदै यसबाट पर्न भएको असुविधाका लागि कम्पनी क्षमाप्रार्थी छ ।

अन्त्यमा, नियमन निकाय वीमा समिति, अर्थ मन्त्रालय, नेपाल राष्ट्र बैंक, बैंक तथा वित्तीय संस्थाहरू, कम्पनि रिजष्ट्रारको कार्यालय, नेपाल धितोपत्र बोर्ड, नेपाल धितोपत्र विनिमय बजार लि, CDS & Clearing Ltd; स्वदेशी तथा बिदेशी वीमा तथा पूनर्वीमा कम्पनीहरू लगायत सम्बन्धित निकायहरूबाट हामीलाई प्राप्त सहयोग, सुभावका लागि आभार व्यक्त गर्दछु। साथै यस कम्पनीलाई माया गरी यस कम्पनीबाट बीमासेवा ग्रहण गर्नु हुने सम्पूर्ण ग्राहक महानुभावहरूबाट आगामी दिनमा अभ्न बढी सहयोग प्राप्त हुने अपेक्षा ब्यक्त गर्दछु।

### रामकृष्ण मानन्धर

अध्यक्ष

### प्रमुख कार्यकारी अधिकृतको प्रतिबद्धता

श्रीलंकाको सेलिन्को ईन्स्योरेन्स पि.एल.सि. श्रीलंकाको संयुक्त लगानीमा संचालित यस कम्पनीले नेपालमा बीमा सेवा उपलबध गराएको २०७७ श्रावण ०२ मा २४ औं वर्ष पुरा गरी २५ वर्ष प्रवेश गर्देछ । मुलुकका सुगम, दुर्गम क्षेत्रका विभिन्न स्थानहरूमा रहेका ७६ वटा शाखा/उपशाखा एवं एक्स्टेन्सन कार्यालयहरूबाट बीमा सेवा उपलब्ध गराउँदै आएका छौं । Big or Small - Security for All भन्ने मुल मन्त्रका साथ स्थापित यस कम्पनी देशका ७ वटै प्रदेशका सुगम तथा दुर्गम क्षेत्रहरूमा कम्पनीका शाखा विस्तार गर्दे बीमा सेवालाई वढी भन्दा वढी जनताको पहुँचसम्म पुऱ्याउन लागी परिरहेकोमा आगमी आ.व.मा शाखा विस्तारको कार्यलाई स्थगन गरी शाखाको प्रवलीकरणलाई प्रार्थमिकतामा राखिएको जानकारी गराउँदछौं ।

दावी फछुर्योटका माध्यमबाट ग्राहकलाई पूर्ण सन्तुष्टी दिने कम्पनीको प्रमुख रणनीति रहेको र सगरमाथाको चिनारी सर्वसाधारणहरूको मन मनमा प्ऱ्याउनका लागि बिभिन्न माध्यमद्वारा कम्पनीबाट प्रदान गरिएका सेवाहरूको प्रचार प्रसारको कार्य गरी रहेको ब्योहोरा जानकारी गराउँदछौं। स्थापनाकालदेखि आजसम्मको दौरानमा कम्पनीले नेपाली बीमा बजारमा आफ्नो बिशिष्ठ छाप छोडदै बीमा ब्यवसायको प्रगतीमा कहिलै पछाडी फर्केर हेर्न नपरेको र बीमा बजारको क्षेत्रमा अब्बल कम्पनीको रुपमा प्रस्तुत गर्न सफल भएको छ र आगामी दिनमा कम्पनीको ब्यापार प्रवर्द्धनमा बृद्धि गर्ने लक्ष्य सिंहत अगाडी बढी रहेकोमा ई.सं. २०२० को शुरुवात सँगै चीनको बहानमा देखा परेको COVID-19 को संक्रमणले सम्पर्ण बिश्वलाईनै प्रभावित पारि रहेको र नेपालमा पनि सो को संक्रमण देखिएको र सोको रोकथाम तथा नियन्त्रण गर्न मिति २०७६/१२/११ गते देखि नेपाल सरकारले मुलुकभर Lock Down गर्ने निर्णय गरेका कारण बीमा ब्यवसायमा नयां बीमालेख बिक्री गर्ने अवस्था ज्यादै न्यून भएको र नवीकरण हुन् पर्ने बीमालेखहरू पनि करिव ५० प्रतिशतको हाराहारीमा मात्र नवीकरण गर्न सकेकोले यसबाट चालु आ.व.मा कम्पनीले लिएको बीमा शुल्क संकलनको लक्ष्य पुरा गर्न सिकएन । आ.व. २०७७/०७८ को आषाढ मसान्तसम्ममा कम्पनीले गत वर्षको सङ्गलन भएको बीमाशल्क भन्दा रु. १ करोड ८१ लाख बढी बीमाशुल्क सङ्गलन गरी रु. २ अरव १९ करोड ४७ लाख ७६ हजार बीमा शल्क संकलन गर्न सफल भएको जानकारी गराउँदछ । साथै आ.व. २०७६/०७७ मा COVID-19 को संक्रमणको असर संसारभर पर्न गई सम्पूर्ण क्षेत्रको आर्थिक गतिबिधमा मन्दी आउने र सोको प्रतक्ष्य असर नेपाली बीमा बजारमा समेत पर्ने भएकोले नेपाली बीमा बजारमा आ.व. २०७७/७८ गम्भीर असर पर्ने देखिन्छ ।

कम्पनीलाई प्रविधि मैत्री बनाउँदै लैजाने कममा गत आ.व. देखिनै कम्पनीले Insurance Digitally (हातहातमा बीमा) सेवाको सुभारम्भ गरी सिकएको र सोही माध्यामबाट कम्पनीले Lock Down को समयमा Sagarmatha Insurance mobile Apps / web portal sagarmathainsurance. com.np तथा online प्रविधि मार्फत कम्पनीका कर्मचारीहरूले घरबाटने बीमालेख बिकी गर्ने लगायत कार्यालयका दैनिक काम गर्न सक्षम भएको यहाँहरू समक्ष जानकारी गराउँदै आगामी दिनमा Insurance Digitally को माध्यमबाट बीमालेख जारी गर्ने व्यवस्थालाई निरन्तरता दिईने छ । जसका कारण बीमालेख खरिदका लागि ग्राहकहरूले कम्पनीमा धाई रहनु पर्ने बाध्यतालाई हटाई ग्राहकहरूले आफ्नो घरमा बसी Sagarmatha Insurance mobile Apps र web portal sagarmathainsurance. com.np का माध्यमबाट बीमालेख खरिद गर्न सक्ने व्यवस्था मिलाईने जानकारी गराउँदछु । आजको युगमा बीमा सेवा आधारभुत आवश्यकता भई सक्केको सर्न्दभमा हाम्रो जस्तो बिकासिशल मुलकमा सरकारी सम्पत्ति तथा

जनताको धनसम्पत्तिको शुरक्षणका लागि बीमालाई अनिवार्य गर्ने बेला भईसकेको छ । सामाजिक सुरक्षाका लागि समेत बीमाको महत्वपूर्ण भुमिका रहने भएको हुँदा यसलाई विशेष सहुलियतका साथ अनिवार्य गर्न प्रोत्साहित गराउनु पर्ने बेला आईसकेको छ यस तर्फ सरकारको ध्यानाकर्षण गराउन चाहन्छौं।

असहज परिस्थितिमा समस्यामा परेका जनतासँगै एकाकार हुन र नेपाली बीमा बजारमा बीमाको महत्व स्थापितगर्नका लागि बीमा समितिको सल्लाह र सुभावलाई ध्यानमा राखी नेपालका २० वटा निर्जीवन बीमा कम्पनी, नेपाल रि इन्स्योरेन्स कम्पनी समेतको सहभागितामा नेपाल बीमक संघ मार्फत संचालित Micro Insurance pool बाट Covid Insurance Policy जारी गरिएको र सो बीमालेख बापत आ.व. २०७६/०७७को चैत्र देखि आषाढ मसान्तसम्ममा समग्र बीमा कम्पनीहरूले रु. ३१ करोड ९८ लाख ७५ हजार बीमा शुल्क संकलन गरेकोमा हाम्रो कम्पनीले उक्त अवधिमा रु. २ करोड ४१ लाख ७९ हजार बीमा शुल्क संकलन गर्न सफल भएको जानकारी गराउँदछ । साथै COVID-19 को संक्रमणका कारण म्ल्क Lock Down मा गएता पनि अत्यावस्यक सेवा अन्तर्गत बीमा सेवा परेको हुँदा नेपाल सरकारको निर्देशन बमोजिम एक तिहाई कर्मचारीहरूबाट कम्पनीको दैनिक कार्य संचालन गर्दे आफना ग्राहक मान्भावहरूलाई बीमा सेवा प्रदान गरिएको र यस्तो बिषम परिस्थितिमा आफ्नो ज्यानको प्रवाह नगरी आवश्यकता अनुसार कार्यालय उपस्थित भई कम्पनीको दैनिक कार्यमा खट्न हुने सम्पूर्ण कर्मचारीहरूलाई धन्यवाद दिन चाहन्छ।

मोटर बीमामा दुर्घटना स्थलमै दावी फछ्यौं र गर्ने गरी यस कम्पनीले संचालनमा ल्याएको "SAGARMATHA VIP ON THE SPOT" कार्यक्रम लाई हाल देशका प्रमुख शहरहरू पोखरा, नारायणगढ, बिराटनगर, बुटवल, नेपालगञ्ज, बीरगञ्ज, भैरहवामा बिस्तार गरिएको र आगामी दिनहरूमा यस कार्यक्रमलाई क्रमशः विस्तार गरी सबै शहरी क्षेत्रमा क्रमश लागू गर्ने गोजना रहेको जानकारी गराउँदछु। आ.व. २०७५/०७६ मा "SAGARMATHA VIP ON THE SPOT" कार्यक्रम मार्फत १९१७ वटा दावीहरू सहित कूल ६०४५ वटा दावीहरूका लागी रु. ९५ करोड बीमा दावी क्षतिपूर्ति प्रदान गर्न सक्षम भएको व्यहोरा अनुरोध गर्दछु। साथै समाजको आवश्यकतालाई मध्यनजर गरी आगामी दिनमा अन्य नयाँ बीमालेखहरू नेपाली बीमा बजारमा ल्याउने योजना रहेको जानकारी गराउँदछीं।

दावीमा ग्राहकहरूलाई सन्तुष्ट बनाई ग्राहकहरूलाईनै कम्पनीको प्रचारक बनाउने रणनीति लिएर कम्पनीले कम्पनी समक्ष पर्न आएका दावीहरूको छिटो छरीतो र वास्तिवक क्षति अनुसारको क्षतिपूर्ति गर्ने गरेको जानकारी गराउँदै कम्पनीले आ.व. २०७६/०७७ मा कूल ५८४६ दावीहरूका लागि रु. २ अरव २ करोड बीमा दावी भुक्तानी गरिसिकएको जानकारी गराउँदछौं।

अन्त्यमा, नियमन निकाय वीमा समिति, अर्थ मन्त्रालय, नेपाल राष्ट्र वैंक, बैंक तथा वित्तीय संस्थाहरू, कम्पनी रिजष्ट्रार कार्यालय, नेपाल धितोपत्र बोर्ड, नेपाल धितोपत्र विनिमय बजार लि, CDS & Clearing Ltd; स्वदेशी तथा विदेशी वीमा तथा पूनर्वीमा कम्पनीहरू लगायत सम्बन्धित निकायहरूबाट हामीलाई प्राप्त सहयोग, सुभावका लागि आभार व्यक्त गर्दछु।

सगरमाथा इन्स्योरेन्स कम्पनी लिमिटेड

अनुसुची २५

#### वित्तीय विवरणहरुसँग सम्बन्धित प्रमुख लेखा नीतिहरु

#### (क) परिचय

सगरमाथा ईन्स्योरेन्स कम्पनी लिमिटेड (Sagarmatha Insurance Company Limited) (यस पछि "कम्पनी" भिनएको) नेपालमा स्थापित सिमित दायित्व भएको निर्जीवन बीमा कम्पनी हो । यसको रिजस्टर्ड कार्यालय नक्साल, काठमाण्डौमा रहेको छ । यो कम्पनी नेपाल धितोपत्र विनिमय वजार लिमिटेडमा सुचिकृत भएको तथा यस कम्पनीले बीमा समितिबाट बीमा ऐन, २०४९को दफा १० को उपदफा ३ तथा बीमा नियमावली, २०४९ को नियम ६ को उपनियम (१) बमोजिम निर्जीवन बीमा व्यवसाय सञ्चालन गर्न मिति २०५३ साल आषाढ १२ गतेबाट स्वीकृति प्राप्त गरेको हो ।

आर्थिक वर्ष २०७५ साल श्रावण १ गते देखि २०७६ साल आषाढ ३१ गतेसम्मको संलग्न वित्तीय विवरणहरू यस कम्पनीको संचालक समितिको बैठकले मिति २०७७/०२/२२ गते पारित गरेको हो ।

#### १. वित्तिय विवरण तयारीका आधारहरू (Basis of Preparation)

यस कम्पनीको वित्तीय विवरणहरू ऐतिहासिक मूल्य अवधारण (Historical Cost Convention) र व्यवसायको निरन्तरता (Going Concern) को आधारमा स्पष्ट रुपमा लेखा सम्बन्धी टिप्पणीहरू अन्यथा उल्लेख गरिएकोमा बाहेक प्रोदभावी (Accrual) आधारमा लेखाङ्गन गरी सामान्यतया सर्वमान्य सिद्धान्तहरू (Generally Accepted Accounting Principles) बीमा ऐन, २०४९, वीमा नियमावली २०४९, कम्पनी ऐन, २०६३ तथा बीमा समितिको वित्तीय विवरण सम्बन्धी निर्देशिकाको अधिनमा बीमा व्यवसायमा रहेको प्रचलन समेतलाई ध्यानमा राखि तयार गरिएको छ ।

#### २. स्थिर सम्पत्ति लेखाङ्कन नीति (Fixed Assets Policy)

स्थिर सम्पत्तिहरू ऐतिहासिक मुल्य अवधारणाका आधारमा लागत मूल्यमा ह्रासकट्टी गरी देखाइएको छ । सम्पत्ति प्राप्त गर्नको लागि गरिएको खर्च तथा स्थापना खर्चलाई लागत मूल्यमा पुँजीकरण गरिएको छ ।

#### ३. हासकट्टी नीति (Depreciation Policy)

चालु आ.व मा थिपएका स्थिर सम्पत्तिहरूको ह्वास कट्टी आयकर ऐन, २०५८ द्वारा निर्देशित दर तथा तरिका अनुसार घट्दो मूल्य प्रणाली (Diminishing Balance Method) को आधारमाहास कट्टी गरिएको छ, जुन नेपाल लेखामान अनुरुप छैन ।

#### 8. पूँजीकृत नगरिने सम्पत्तिहरू सम्बन्धी लेखाङ्कन नीति (Non-capitalized Assets)

कम्पनीले प्रति इकाइ रु. ४,००० सम्म मुल्य पर्ने सामानहरू प्रकृति हेरि खरिद भएकै वर्षमा खर्च लेख्ने निति लिइएको छ ।

#### ५. आयकर व्यवस्था नीति (Income Tax Policy)

#### चालु कर

यस कम्पनीले आयकर ऐन, २०५६ तथा तत्पश्चात आयकर ऐनमा भएको संसोधनको अधिनमा रहि आयकर व्यवस्था गरेको छ। तथापि वित्तिय विवरणमा उल्लेख गरिएको कर, कर लेखा परीक्षण तथा आन्तरिक राजश्व कार्यालयबाट निर्धारण गरिएको कर भन्दा फरक हन सक्नेछ।

#### स्थगन कर

वित्तीय विवरण अनुसारको सम्पत्ति तथा दायित्वको रकम तथा करका आधार बीच फरक भई श्रृजना हुने अस्थायी अन्तर (Temporary Difference) को कारणले भविष्यमा श्रृजना हुने कर दायित्व तथा सम्पत्तिको लगत राख्ने उद्देश्यले स्थगन करको लेखाङ्गन गरिएको छ । स्थगनकर सम्पत्ति सुजना भएमा सो बराबरको रकम स्थगन कर जगेडामा राखिनेछ ।

#### ६. लगानी लेखाङ्कन नीति (Investment Policy)

#### (क) सरकारी बचतपत्र/ऋणपत्रमा लगानी लेखाङ्कन नीति

बीमा समितिको वित्तीय विवरण सम्बन्धी निर्देशिका बमोजिम सरकारी बचतपत्र तथा ऋणपत्रमा गरिएको लगानीलाई अङ्कित वा परल मूल्य मध्ये जुन घटी छ सोही मूल्यमा लेखाङ्कन गर्ने नीति लिइएको छ ।

#### २५. कोभिड-१५ को प्रभावः

विश्वव्यापी माहामारीको रुपमा फैलिएको कोभिड-१९ कोरोना भाईरस संक्रमणको जोखिमबाट हुन सक्ने विषम परिस्थितिलाई बिशेष ध्यानमा राखी माहामारी न्यूनीकरणका लागि नेपाल सरकारले पिन मिति २०७६ चैत्र ११ गतेदेखि बन्दाबन्दी (LOCKDOWN) गरेको कुरा सर्वविदितै छ । यस परिस्थितिको परिणामस्वरुप कम्पनीले सबै किसिमको व्यवसायीक कारोवारहरूमा असर परेको छ ।

चालु आर्थिक बर्ष २०७६/०७७ को अन्तिम त्रैमासिकको पुवार्द्धबाट शुरु भएको यस प्रकारको विषम परिस्थितिका कारण समीक्षा आर्थिक बर्ष २०७५/७६ को कारोबारबाट सिर्जित आय व्यय लगायत अन्य वार्षिक प्रतिवेदनले कम्पनीको सुचकाङ्गमा सो सम्बन्धी असर नदेखाएको भएता पनि आगामी आर्थिक बर्षको कारोबारमा भने प्रभाव पार्ने सम्भावना रहेको क्रालाई नकार्न सिकन्न ।

कोभिड-१९ कोरोना भाईरस संक्रमणको विश्वव्यापी माहामारीले गर्दा विश्व अर्थतन्त्र नै धरासायी भएको अवस्थामा नेपाल पिन यसबाट अछुटो नरहने र नेपालको बैंकिङ्ग तथा वित्तीय संस्था, वीमा क्षेत्र, उद्योग कलकारखना, पर्यटन लगायतका सम्पूर्ण व्यवसायीक कारोवारहरू पूर्ववत अवस्थामा संचालन हून सक्ने सम्भावना न्यून हुने अवस्थाको आंकलन गिरएको हुँदा समग्र मुलुककै आर्थिक अवस्था कमजोर हुने सम्भावनालाई ध्यानमा राखी नेपाल सरकारले सामाजिक दूरी कायम गरी स्वास्थ्य सम्बन्धी सचेतनामूलक कुराहरूलाई अवलम्बन गरी सशर्त व्यवसाय संचालन गर्ने वातावरण सृजना गरी सबै क्षेत्रका व्यावसाय संचालनका लागि व्यवसायीहरूको मनोवललाई उच्च बनाउने प्रयास गर्ने छ भन्ने अपेक्षा गरिएको छ ।

तसर्थ, कम्पनीको व्यवसायीक गतिबिधिहरूलाई कम असर पार्नको लागि व्यवस्थापनले निश्चित प्रकारका व्यवसायीक योजनाहरूलाई अवलम्बन गर्नेछ र लगानीकर्ताहरूको लगानीलाई स्रक्षित बनाउने छ भन्ने विश्वास रहेको छ ।
